

**NORTH BAY POLICE SERVICES BOARD  
TRAFFIC MANAGEMENT, ENFORCEMENT AND ROAD SAFETY POLICY**

INDEX NUMBER:           LE-017  
DATE:

**PREAMBLE:**

It is the policy of the North Bay Police Services Board with respect to traffic management, enforcement and road safety that:

- a.     breath analysis investigative support will be provided by the members of the Force who have successfully received training in the use of evidentiary breath testing instruments and have designated by the Ministry as Qualified Technicians;
  
- b.     technical collision investigation and reconstruction supports will be provided by members of the Force or by entering into an agreement with an external police agency;
  
- c.     the Chief of Police will:
  - (i)    develop and implement a traffic management, traffic law enforcement and road safety plan;
  - (ii)   establish procedures on traffic management, traffic law enforcement and road safety, including procedures to address road closures and minimizing the interference of traffic; and
  - (iii)  ensure that persons who provide technical collision investigation, reconstruction and breath analysis investigative support have the knowledge, skills and abilities to provide that support.

Signed:           Colin P. Vezina  
                      Chairman

                      Susan Vester  
                      Secretary

*This policy is subject to the provision of an adequate annual operating budget to enable the Chief of Police to plan for the deployment of personnel and resources, and the absence of any other intervening factors that may frustrate the ability of the Police Service to implement this Policy.*
